Purchase Sajnog's New Marksmanship Rules Tutorial. This manual will be the first of its kind in the handling of firearms. It will teach you how to make accurate shots. This tutorial is primarily written for those who, like me, want to learn how to shoot more accurately. First of all, I want to draw your attention to the fact that this is a methodological guide and it is not a textbook or manual for training in handling weapons. This is just a tutorial on marksmanship techniques for the new weapon. And it's for those who want to learn how to shoot properly.
